EQUIPMENT LIST · DOG SLEDDING

Safari to the Ice Hotel

7 days · Two nights in a cabin at the lodge, three nights in mountain cabins, one night at the Sorrisniva igloo hotel outside Alta.

The equipment list is proven suitable for our dogsledding trips (and when joining the reindeer herders) through the winter. You should not bring more, since the dogs' carrying capacity is limited — and you don't need to buy any specialist clothing.
